SS123

STAINLESS STEEL COWL OUTLET WITH NON RETURN FLAP

MANUFACTURER:	VERPLAS LTD
PART NUMBER:	SS123
SIZE:	125mmØ
FOR USE WITH:	VERPLAS SYSTEM 125
BOX QUANTITY:	18
INDIVIDUAL WEIGHT:	480g
COLOUR	Stainless steel
MIN OPERATING TEMP	-15°C
MAX OPERATING TEMP	+60°C

SPECIFICATION DETAILS

The SS123 125mm diameter Stainless Steel Cowl Grille with Non-Return Flap has a minimum free area of 10,028mm².

The SS123 is designed for installation on exposed external walls where wind or back pressure against the ventilation unit are present. The cowed outlet is designed to shield the duct from the wind and deflect the air away.

The non-return flap acts as an additional measure to prevent airflow returning through the duct. As the fan operates the flap lifts to allow the exhaust air to disperse into the atmosphere. SS123 is designed for exhaust air only.

SS123 has been designed for use with Verplas System 125 Round.

AIRFLOW	RESISTANCE
8 l/s	3.5 pa
13 l/s	5.3 pa
21 l/s	8.5 pa
30 l/s	12.9 pa
60 l/s	33.1 pa
