VKC245

COWLED OUTLET WITH NON-RETURN FLAP ROUND SPIGOT

W	RAL9003
B	RAL8017
BE	RAL1001
T	RAL2001
BL	

MANUFACTURER: VERPLAS LTD

PART NUMBER: VKC245

SIZE: 100mm

FOR USE WITH: VERPLAS SYSTEM 100

BOX QUANTITY: 36

INDIVIDUAL WEIGHT: 150g

COLOUR White, Brown, Terracotta
Beige, Black

MIN OPERATING TEMP -15°C

MAX OPERATING TEMP +60°C

SPECIFICATION DETAILS

The VKC245 100mm diameter Cowled Outlet with Non-Return Flap Round Spigot is manufactured from Polypropylene and has a minimum free area of 7,283mm². It has a male spigot for connection inside of the System 100 duct.

The VKC245 is designed for installation on exposed external walls where wind or back pressure against the ventilation unit are present. The cowled outlet is designed to shield the duct from the wind and deflect the air away. The non-return flap acts as an additional measure to prevent airflow returning through the duct. As the fan operates the flap lifts to allow the exhaust air to disperse into the atmosphere. VKC245 is designed for exhaust air only.

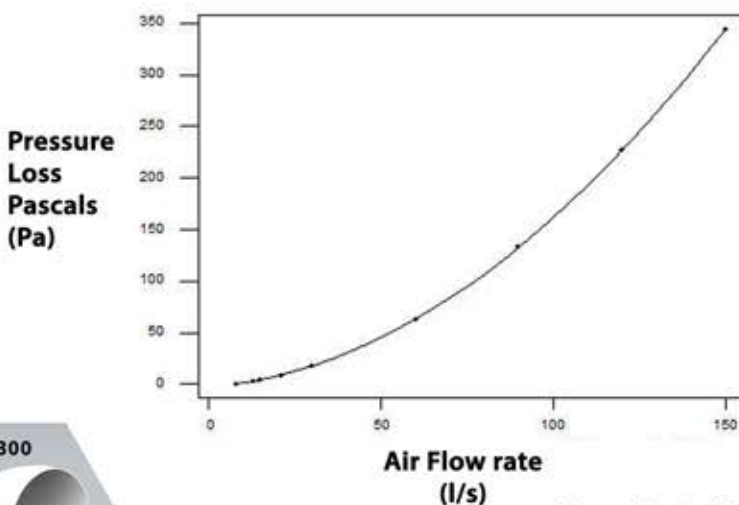

VKC245 is manufactured in compliance with Domestic Plastic Ductwork Specification DW/154 and does meet UL94HB flammability standard.

VKC245 has been designed for use with Verplas System 100 Round.

AIRFLOW RESISTANCE

8 l/s	0.40 pa
13 l/s	2.80 pa
21 l/s	8.80 pa
30 l/s	17.18 pa
60 l/s	62.48 pa
120 l/s	227.30 pa
